SCHOOL STATUS

Agate is a non-inspected private school recognized by Ontario's Ministry of Education. We support self-directed learning and offer equivalency assessment, including PLAR, rather than OSSD credits.

For learners choosing college or university, we work with them and admissions staff to document prerequisites. This may involve PLAR, admission testing or other evidence required by the program.

See Special Services for PLAR pricing.

RESPONSIBILITY

We encourage you to take responsibility for your choice to educate outside the system and to do all the necessary research to make a wise, informed plan for your family.

We do our best to support you and help you reach your educational goals, but we can't guarantee outcomes — there are no guarantees in life.
